AUDIENCE

Grow Pittsburgh serves all ages from
toddlers to elders. Our programs are
family friendly and designed to be
accessible for all income levels.

LAST YEAR, WE:

**Built 5 New Learning Gardens and 6
New Early Childhood Gardens!**

We now support **43 gardens** and over
25,000 children through our School
Garden Program.

Supported 600+ gardeners to create
11,054 sq ft of growing space at **6** new
community gardens in Allegheny County.

Grew over 28,000 lbs of food, which
was distributed to **2,500 residents**
through farm stands and home deliveries.

6-9 pm

Join us for Grow Pittsburgh's annual event. This year we reflect upon and celebrate the many ways that growing and sharing fresh local food have helped our community get through the many challenges of the past two years.

Guests will enjoy a taste of the fall harvest, local drinks, and music as we honor the many positive impacts our members, staff, and partner organizations have made possible. Mingle under an outdoor pavilion with a diverse community and learn more about the vital work of helping people learn how to grow food and share in the many benefits gardens and urban farms bring to our neighborhoods.
